**Subject:** Wabuska drain call

Team,

Now that we have received the first round of data results for the Wabuska Drain investigation, it is time to plan a conference call to discuss our thoughts on the results with ARC. Jack said they are putting together a short memo to present their observations, which we should receive in the next couple weeks or so. We would like to therefore reserve some time on our calendars for the conference call to discuss. Please reply with your availability for a 2-hour call either during the week of October 3 or 10. Thank you!

**Dante Rodriguez**
